JANET SIEVERS

Hi, my name is Janet Sievers and I have been designing quilt patterns and small project patterns for over 25 years, several of which have been published in magazines. I began sewing as a very young child and created wearables from blue jeans to wedding dresses. Although I did make a quilt while still in high school, the quilting bug really hit me in the early 1990's. After having a sewing shop in my home for many years, I opened The Quilt Shop in 1995.
